

ENVIRONMENTAL POLICY

- Please place recyclables in the bin provided (all cottages).
- Please ask for more black/green bags if you need them.
- Compostables can be placed in the tupperware bin provided in the kitchen at The Carraighs and Treehouse Cottage and then emptied into the compost bin opposite the cottage. We do not compost at Gulls Way because we do not live on the premises.
- Recyclables in green bags please.
- Oil / fat – please wrap in the newspaper provided and throw in the black bags and not in our garden!
- We have septic tanks so please **DON'T** put anything except toilet paper in the toilets and no fat down the kitchen sink.

Thank you!

We like to look after our beautiful environment and in our experience, so do our guests!
